

# Strong Towns Chisholm Community Workshop

**September 26, 5:30 pm**  
Chisholm Senior Center

Open to the public—bring your  
neighbor or a friend!

## Make your voice heard!

How can we build a more prosperous town together? What do we want Chisholm to look like for our children and grandchildren? We need your voice as part of the conversation!

You're invited to a special discussion with community members, city staff, and experts from Strong Towns about the future of Chisholm.

This event is part of an ongoing Community Action Lab program, led by the City of Chisholm and Strong Towns, a national nonprofit that helps communities become financially resilient.
